No problem at all. Could you please send me your company information so we can issue the invoice? Alternatively, if you prefer, you can make the payment in cash on the first day of your arrival. Let me know what works best for you.

Með kveðju / Best regards,

Dear,

I think, every person will have hand luggage for the plane and a backpack.

Thank you

Dear,

Thank you very much for your offer. I think, it suits to us. There will be no problem with luggages at the day of arrival and departure?

Thank you

Hi Miroslava,

I hope you're doing well. The price remains the same for 11 or 21 people. Including the bus, driver, and parking fees, the total cost is €3,200. Thank you! 😊

Með kveðju / Best regards,

Dear,

We are travel agency from Slovakia and we are looking for bus with driver for group of 11 people or 21 people. Date 24-27.07.2025. Could you send me the price for this service for 11PAX and 21PAX? We have our own tour leader, so we need only bus + driver.

Day 1:

Arrival in Reykjavík (Keflavik airport) at 15:10. **Transfer to accommodation: 201 Hotel, 5 Hlíðasmári, Kópavogur, 201 Reykjavík.**

2nd day:

After breakfast, we will set off to explore this lunar land of fire and ice and set out for the famous **Golden Circle**, the most famous circuit in Iceland, the so-called golden triangle where in a few hours we will experience the best that Iceland has to offer. We will see the oldest **national park, Thingvellir**, which is the site of the oldest functioning parliament in the world. The question of whether we are now in Europe or already in America is also interesting. The national park is a place where tectonic plates visibly meet at the fault - the North American and Eurasian plates, and therefore "transition between continents" is possible between fissures, gorges and valleys. **Transfer to Efstidalur farm**, a short stop at a family farm where we will see a view of farm life and you will be able to taste products such as famous ice cream. Next, we will visit the thermal area where the most active geyser in Iceland is located, the **Strokkur geyser**, which erupts regularly every 5-10 minutes. A few kilometers further on, the beautiful **Gullfoss waterfall**, the most powerful waterfall in Europe, will be waiting for us, where we will see the real power of the attractive Icelandic nature and enjoy the view from several photo spots nearby, if we are lucky with the weather, the view will be complemented by a beautiful colorful rainbow. Full of experiences, we will head back to the capital Reykjavík through the volcanic landscape, the last stop will be waiting for us on the way, the **Kerid crater**. A stunning crater lake with a beautiful blue, turquoise color

complemented by a unique volcanic red rock, a photo stop at the crater or, if time permits, a walk along the edge of the crater.

Transfer to accommodation: 201 Hotel, 5 Hlíðasmári, Kópavogur, 201 Reykjavík.

Day 3:

After breakfast, we will set off again on a day trip to explore the wild Icelandic nature on the south coast. We will stop at the **Sólheimajökull glacier** and you will have the opportunity to walk around the lake that was created by the melting of the glacier and walk up to the level of the glacier tongue with a wonderful view of the glacier. Transfer to the **famous dangerously beautiful black beach of Reynisfjara** - one of the most photographed places in Iceland. Stop in the **village of Vík**, the southernmost inhabited place in the country, possibility of lunch, purchase of souvenirs. We will see the **Skógafoss waterfall**, it falls from a 60 m high cliff and marks the former coastline when, in ancient times, the Icelandic mainland ended here directly in the Atlantic. Finally, **the Seljalandsfoss waterfall**, which can be "seen from the inside", is one of the most famous Icelandic waterfalls. If the weather is good, you can literally go around the waterfall from all sides, because there is a path beyond the waterfall and you will have beautiful views, but don't forget take a raincoat.

Return to Reykjavík, free program.

4th day:

Transfer from accommodation to the airport. Flight departure is 18:55. The group has to be at the airport 2 hours in advance.

Thank you very much.

Kind regards

—
